

Class: 2

Topic: Chocolate

Term: Spring

1. Please ensure homework is completed to your very BEST ability. Once homework is completed it needs to be placed into your **homework folder** unless it is too big or on a memory stick.
2. Please ensure that you choose a range of tasks over the term, e.g. a minimum of one English, one Maths and one Topic.
3. **Basic skills homework will be given every fortnight for spellings, punctuation, grammar and maths. On alternate weeks you will be expected to complete a piece of homework from this menu.**
4. Excellent pieces of homework will be celebrated in **Celebration Assembly** on a Friday and will be awarded a special certificate.

Good luck ☺

Curriculum area	EXTRA MILD	MEDIUM	SPICY	HOT	EXTRA HOT!!!
English	Make a wordsearch that includes 10+ different chocolate bar names in it.	Create a CHOCOLATE acrostic poem.	Design your own character made only out of chocolate. Write a description for them and draw a picture.	Write a newspaper report of a child in your class finding a golden ticket and visiting Willy Wonkas factory. 	Write an adventure story about a magical chocolate factory. 
Maths	Create and solve 5 word problems about chocolate! 	Find the prices of chocolate bars in your local shop. What could you buy with £3.00? You could use online shops to help instead: https://www.tesco.com/groceries/en-GB/search?query=chocolate%20bar	Using a real chocolate bar, break it up into cubes and make your own maths problems for a family member to solve. You be the teacher.	Survey your family, what is their favourite type of chocolate bar. Can you present your work in a bar model?	“All chocolate bars are rectangles” Said Miss C. Can you find any evidence that she is wrong? Prove it?
Topic	Write an information text on how chocolate is made.	Write a diary entry as a rainforest explorer –what would you see? Hear? etc. 	Bake something where the main ingredient is chocolate. I would like pictures!	Make a collage using chocolate wrappers – you might need to collect these for a few weeks! 	Design your own chocolate factory. What machines would you have? What would they make?
