Science Week
Monday 11th - Friday 15th March

Dear Parents

I am writing to inform you that from Monday 11th March to Friday 15th March we will be taking part in British Science Week. We are planning an interesting and mind-boggling week of activities for the children which will be based around the theme 'Journeys'. The week will hopefully excite the children about the wonderful subject of Science and perhaps encourage them to consider whether they would like to be a scientist in the future.

Here is a brief timetable of our Science Week:

Day	Activities
Monday	❖ Introductory Assembly ❖ Science activities in the afternoon
Tuesday	❖ Science activities in the afternoon
Wednesday	❖ Science activities in the afternoon ❖ Class Assembly about Neil Armstrong
Thursday	❖ Science activities in the afternoon ❖ Class Assembly about Charles Darwin
Friday	❖ DRESS UP AS A SCIENTIST ❖ Whole-school Science Investigation ❖ Whole-school Celebration Assembly

On **Friday 15th March**, we would like to invite the children to dress up as a scientist as a way of celebrating our brilliant Science Week. Perhaps your child would like to be the stereotypical 'mad scientist' in a laboratory coat with crazy hair, or perhaps they fancy being a famous scientist for the day like Albert Einstein, Marie Curie, Isaac Newton, Stephen Hawking or Rosalind Franklin – the choice is theirs!

As a further way of celebrating Science Week, we will be having a Mad Science Assembly on Monday 18th March in which Mad Science Group Inc. will join us to deliver spectacular demonstrations and hands-on activities for the whole school. Following the assembly, letters will be given out to children about a Mad Science Club which will run in the summer term.

I am really looking forward to Science Week and the opportunities it will offer the children.

Yours sincerely

Miss P. Woodward
