Endowed Primary School

E-safety evening for KS2 parents by the Cheshire Constabulary Safer Schools and Young Persons Partnership at Holmes Chapel Primary School

Monday 23rd April 2018 at 7:00pm

Dear Parents

The internet has changed all of our lives, particularly our children's. For parents and carers this opens up a whole new world of things to be aware of. For many of us, this can all be really quite daunting.

There are huge benefits from children using the internet and one of the things we have noticed the most from working with children is that they are becoming smarter and growing up very computer literate...however children are innocent and do not realise the dangers which could be involved in some of the situations they encounter whilst online.

With virtually constant access to the internet whether it is at home, in school, on their mobile phones or on a games console, knowing how to help protect children and young people online is essential. Just as you want to keep your child safe in the real world, you will want to do the same in the virtual world.

The e-safety evening is all about raising your awareness and hopefully answering some of your worries and concerns. Educating yourself, about e-safety, will enable you to educate your child on how to keep safe and give them the tools they need to navigate their online world without being hurt.

We cannot emphasise enough the importance of this evening. More and more we find we are dealing with issues that arise over the internet between children. This impacts on their emotional well-being at school, friendships and learning.

If you would like to attend the evening at Holmes Chapel Primary School, please complete the slip below and return to school by Thursday 19th April.

Yours sincerely

Mrs L Hesmondhalgh

Principal
