

## Mini Duke of Edinburgh Passport

At Peover Superior Primary School, we believe every child can grow into a confident, caring, and capable citizen of the world.

Our Mini Duke of Edinburgh Passport helps our children to:

- ✓ **Build life skills** — trying new things, solving problems, and working together.
- ✓ **Stay active and healthy** — with fun challenges that get everyone moving.
- ✓ **Care for nature and the planet** — learning to protect local wildlife, reduce waste, and look after our world.
- ✓ **Help others** — in school, at home, and in the community.
- ✓ **Understand children's rights** — and take responsibility for helping everyone enjoy their rights too.

By completing this passport, our Peover children will learn that small actions make a big difference — for themselves, for others, and for the Earth.

### How It Works:

Each year group has a set of challenges across **four key areas**:

**Skill** — learn something new or get better at something.

**Physical** — keep active and try outdoor adventures.

**Helping Others** — show kindness at home, in school or the community.

**Adventure & Nature** — explore the outdoors, protect wildlife, and take on 'wild' challenges inspired by the National Trust's *50 Things*.

🌍 Many tasks link to sustainability, biodiversity and the **UN Rights of the Child**, helping pupils understand their rights and responsibilities.

📅 Pupils record their progress in a special **passport booklet**, collecting stamps or stickers when they complete each challenge.

🌿 Children aim to complete **at least 12–15 challenges** across the year.

Teachers or parents/carers sign each one off.

🕒 At the end of the year, children who complete their passport will receive:

- A **certificate** of achievement
- A **Mini Duke of Edinburgh badge**
- Recognition in a celebration assembly

Together, we are developing explorers, helpers, thinkers, and changemakers — ready to look after each other and our world.

# Sycamore Class

In this section, you'll try new things that help you learn and grow. From baking, building, and crafting to reading, writing, and gardening — you'll discover what you're good at and what you'd like to get even better at. Skills help you feel proud of what you can do, and you might even find a hidden talent!

Skill	Date Achieved	Home/School	Stamp
Make a recycled craft from rubbish (junk modelling).			
Learn about saving water — turn taps off!			
Learn about one of the UNCRC Rights (e.g., Article 24 — the right to clean water & healthy food).			

Staying active keeps your body and mind healthy. This part of your passport challenges you to move more, play outside, and try new sports and activities. Whether you're balancing, jumping, running, cycling or dancing — every step keeps you strong, happy, and ready for adventure.

Skill	Date Achieved	Home/School	Stamp
Walk, scoot, or cycle to school for a week to reduce pollution.			
Try gardening — help plant bee-friendly flowers.			
Build a bug hotel.			

Helping others makes our school, homes, and community a better place. In this section, you'll show kindness, teamwork and care. You might tidy up, look after plants or pets, help a friend read, support younger children, or make something special for someone else. Every small act of help makes a big difference!

Helping Others	Date Achieved	Home/School	Stamp
Feed birds with a homemade bird feeder.			
Pick up litter safely with gloves.			
Help share your rights with your class — design a poster.			

This is where you get wild! Get outside, explore new places, and discover the magic of nature. Build dens, climb trees, watch wildlife, camp under the stars, or go on a muddy adventure. These challenges help you protect nature too — by learning how to care for plants, animals, and the environment around you.

Adventure & Nature	Date Achieved	Home/School	Stamp
Make a daisy chain — leave roots behind!			
Fly a kite.			
Make a mud pie but wash hands afterwards!
